

- I will photograph family and/parents and escort with the grad. I don't have a limit to the number of exposures I will do. Session fee \$40.00
- Prepay and get 24 wallets free!
- I will sort the session (get rid of blinks and funny faces) and show you what we did, the next day, on my laptop. It might take longer to order than it does to photograph you. Book an hour for the second session. If you have a list of family that you would like to give portraits to, it will speed things up.
- Delivery time will be about 3 weeks plus shipping.
- Retouching is included in all my prices. Prints will be in cardboard mounts, suitable for gift giving.
- Wall portraits will be framed, drymounted and laminated, ready to hang on the wall. I will bring samples and you can choose one that works with your décor and your portrait. The prices include frames.
